

DATA Ninja for Centers of Excellence, TTS, GSA

| | |
|-----------------|---|
| Project Title | DATA Ninja for Centers of Excellence, TTS, GSA |
| Project Summary | Help the CoE accelerate IT modernization across the federal government by helping us improve our data collection! Help us keep track of our Google Analytics, Search.gov traffic, and social media analytics. |
| Country | United States |

Project Description

Background: The Office of American Innovation (OAI) established the GSA CoE in October 2017 to accelerate IT modernization across government to improve the public experience and increase operational efficiency. The CoE teams provide technical expertise in support of the following areas: cloud adoption, contact center, customer experience, data analytics, and infrastructure optimization. IT Modernization is a key driver of the President's Management Agenda.

We're looking for someone passionate data analytics. In your role, you'll help us maximize our digital presence by keeping us informed of our metrics so we can evaluate and strategize our content accordingly.
